

SAFE-STOR Drum or IBC Bunded Storage

A versatile and solid range of compliant bunded drum or IBC storage units which cover requirements from 64 or 96 drums (16 – 24 IBC's)

The bunded stores are highly robust with a 3mm mild steel base and RHS cross members and pressed ribs. The corner posts, shelf frames and main rails are all made from rolled hollow section. The back, sides and door are pressed from 2mm mild steel sheet (corrugated as required for additional strength) while the roof is pressed with suitable bracing.

The store is welded around the perimeter (sump fully seam welded) and fitted with crane lifting points (maximum 2000kg per lift point), while the triple steel sliding doors on each side are mounted on easy glide tracks and the unit is shot blasted before being painted.

The sump fully complies with all the UK regulations relating to sump capacities.

For your peace of mind all our stores are fully backed by our 20 year structural guarantee.

SAFE-STOR Drum or IBC Bundled Storage

Number of Containers Drums 205Ltr IBC 1000Ltr	External Size (LxWxH) mm	Sump Capacity Ltrs	Shelf Space mm	Part Code
16 x Drums 4 x IBCs	3000x1500x3295	1125	1350	WDP16-4
32 x Drums 8 x IBCs	5920x1500x3295	2200	1350	WDP32-8
48 x Drums 12 x IBCs	8840x1500x3295	3300	1350	WDP48-12
64 x Drums 16 x IBCs	5920x2800x3330	4100	1350	WDP64-16
96 x Drums 24 x IBCs	8840x2800x3330	6100	1350	WDP96-24

Note: The “floor” area above the sump in the drum store areas are covered with galvanised steel channel sections so that loose drums or pallets can be stored directly on to them, while the upper shelf is an open, box section construction designed to support pallets.

Grid mesh shelving is available for the upper shelf as a chargeable option for those who wish to have it fitted with a full “floor”.

All Safe-Stor Storage Units are available in the following colours
